17 The examination occupied four days & was held at separate places for boys & girls.

18 The No of Candidates was 220 agst 180 last year but 214 agst 172 were actually present at the examination; the results compared unfavourably with those of last year:-

22 The remuneration proposed for the examiners & appears to be in accordance with the Madras rules in the subject. Vide rule 14 of ₹ Lr. No. 24. A of File 303/91. Mr. Marsden states that the remuneration for the Chairman is calculated in accordance with this office letter No. 2134 dt. 30. File 303/91 dt. 19. June 1894. This does not appear to be correct for the instructions contained in that letter refer to the Primary & not the Lower Secondary Examination.

23 Money is available in the current year's budget to meet the expenditure but before sanction is accorded to the payment Mr. Marsden's attention may be drawn to the d.o. & point raised in the above para as regards calculation of remuneration to the Chairmen duly submitted proposal.

24 In a D.O. letter dated 24th August 1894, Mr. Marsden states that the remuneration proposed in Sl. No. 4 for the chairmen for the Lower Secondary Examination was calculated in accordance with Sl. No. 30 of file $\frac{303}{91}$ under the impression that the instructions therein contained referred to both the Primary & the Lower Secondary Examination.

25. Under the Madras rule for remunerating the chairmen for the Lower Secondary Examination, Mr. Marsden says that he should get Rs 100 & Mr. Flanagan the same sum & asks for orders being issued accordingly.

26 Please see paras 22 & 23 of note. Payment may now be sanctioned & draft submitted for approval.

Yr. 27-8-94 [illegible] Letter issued - 28.8.94

27 In letter No. 19 dated the 19th April 1895, the Inspector of Schools, Central Circle, reports on the Lower Secondary Examination held in the Ist Instalment in December 1894. O. No. 8

28 The No. of candidates was 260 against 220 in the last Examination. & these were present at the examination, with the following results :-

	Last Exam.		Present Exam.
Passed for complete certificate :	60.	-	207 *
in the Compulsory subjects only.	14.	-	7
Compulsory & one or two Optional subjects -	50	-	34
in Optional subjects only -	33	-	15
	157		263

* includes candidates who did not fully pass the last Exam.

The results were very satisfactory.

29 The fees collected were Rs 10.64 out of sum of Rs 4-4-0 having been paid in excess was refunded, leaving the net receipts at Rs 10 5 9 - 8 - 0. The contingent expenditure was Rs 34 - 13 - 11 & the bill is prepared for Countersignature

30 The remuneration proposed for the Chairman, members,

members etc amount to Rs 1,025/- In para 15 of his letter, Mr. Marsden states that in proposing the stipends the rules sanctioned in Sl. No. 30 of file No. 303/91 have been followed. These rules refer to the Primary Examination & not to the Lower Secondary Examination & have not apparently been acted up to. The para in question has needlessly been inserted

31 The rules applicable are the Madras rules which ~~para~~ are marked Sl No 24-A in file 303/91. They have been followed as regards the rate of fees given to the Chairman & members. Under para 3 of Sl. No. 38 of that file, 7/12th of the stipend should be given to the Chairman but this decision which was based on the Inspector's ~~Ex~~ recommendation in ~~para~~ Sl. No. 37 of file 303/91 is incorrect so far as the Lower Secondary Examination is concerned. Under the Madras rules, the honorarium to the Chairman, viz Rs 200 a year, should be considered

S. 24-A. file 303/91 para 15

The spread over a period of 8 to 12 months. Hence the remuneration for the Chairman for the Lower Secondary Examination held in Dec. 1894 should be seven-eighths of the stipend or Rs 175. The stipend for the Chairman has accordingly been calculated by the Inspector & may be accepted, the necessary correction may however be made in para 3 of Sl. N. 38 of file $\frac{303}{91}$.

32 The proposed remuneration of Rs 1025/- may be sanctioned. The amount is available in the budget for 1895-96. The receipts from both the examinations amounted to Rs 1462-8-0 while the expenditure is Rs 1458-5-11 so that the examinations are self supporting.

33 The list of passed candidates will be sent to the Publisher Gazette of India together with that of the Primary Exam^n.

Orders sanctioning the stipend & making the needed observations on the proposal:

34 In letter No. 126 camp dated the 27. June 1896, the Inspector of School, Central Circle submits a report on the Lower Secondary Examination held in the 6 m Station in December 1895.

35 It appears that the Peltan Municipal English School sent up candidates for this examination & that the London Mission School there has applied for permission to allow its pupils to be sent up for the next examination. This shows that the examination is becoming popular

36 The No. of candidates registered was 312 against 269. Six were absent, one was expelled from the room as he was found copying answers from a book, & the remaining 305 were actually ~~open~~ examined against 269 with results as below:-

	Exam. held Dec. 94.	Exam. held Dec. 95.
Passed for complete certificate	207	152*
" in the Compulsory subjects only	7	16
" in the Compulsory & one or two Optional subjects	34	59
" in the Optional subjects only	15	0
	263	227

* including 28 who did not pass last year.

Mr. Marsden considers that these results are good but the Surplus somewhat unfavourably with those of the previous examination

37 Deducting refunds, the receipts amounted to Rs 125 7/- while the Contingencies cost Rs 50/- The bill for Contingencies is prepared for purpose of Countersignature. The sum available for distribution among the Chairman, Examiners etc is Rs 1207/-

38 The remuneration to Chairman, & Members is calculated in accordance with the rules in force - vide paras 14 to 16 of Sl. No. 24-A (page 3) in file No. 303/91. It is proposed to pay Rs 60 to the Superintendents at examination halls & Rs 22/-8 the Clerk. The payments will be as below:-

Letter issued - Sl. No. 11.

40 In letter No. 98 Bg dated the 21st April 1897, the Inspector of Schools, Central circle, submits a report on the Lower Secondary Examination held in the Lower Standard in December 1896.

41 Besides the Bangalore City Municipal School & London Mission Institution in

Pettah

three more schools outside the Town Station limits were represented at the Examination, & all the Govt Secondary institutions in the Station, both aided & unaided, sent Candidates for the Examination. This is no doubt satisfactory & evidences the popularity of the Examination.

42. 331 candidates against 289 (3129 the last year (1895)) were actually examined & the results were as under:-

	95 -	96
(1) Passed for Complete certificate -	152 —	130 *
(2) " in the Compulsory subjects only —	16 —	7
(3) " in the Compulsory & one or two optional subjects only	59 —	32
(4) " in the optional subjects only -	4 —	90
	227	259

* includes 43 who did not fully pass in the preceding year.

The results were not as good as last year in 1893.

43. The fees, deducting refunds amounted to Rs 1317-8. Deducting contingent expenditure of Rs 66-2-0, the amount available is Rs 1251-6-0 which it is proposed to distribute as below:.

		Rs. A. P

44. The remuneration to Chairman & members thereof is governed by the rules in paras 14 to 16 of Sl. No. 24-A of file $\frac{303}{91}$, pages 3. The Chairman's proposed remuneration is in accordance with these rules, but as regards the remuneration proposed for the members, the Office is unable to check, as the No. of days each of the members was employed on the work has not been stated. The fee for ~~Examiners~~ members is Rs 10/- per diem, & calculating on the amounts proposed, it would seem that the members were employed as shown under:-

	No. of days
Mr. Marsden -	40
" Moss ———	21
" Srinivasa Ayyar -	18
" Raghunatha Rao -	~~28~~ 8
" Khajakhan Sait -	5
Miss Lyon ———	3½

45. The proposed remuneration may, if approved, be sanctioned & the contingent bill countersigned, but before this is done, detailed sanctioned budget estimate of the Ry & Mg Station for the current year may be awaited. At present (1901) is made for

for "Examination charges", but it is not known whether that provision has been reduced or not. The Comptroller of India Treasuries was asked on the 21st April to expedite the transmission of the sanctioned estimate ~~which may be cancelled~~. In meantime Mr Marsden may be asked if the distribution has been made in accordance with provisions of rules in G.I. Dis No 303/91. 50 Please see the rules enacted. In the first place a certificate will have to be given by some Engineer who is employed by Engineer. The Examination can be held not more than 3 or 4 days. Why is any charge made for valuation (see Rule 7) I am also in principle of the opinion that Rs 400/- fees as mentioned in Rule 14 & 15 for the Surveyor calculated @ 10 Rs a day is too much. A fee of 600/- seems to be quite proportionate to the requirements of the case. Weekly examination before opening to the Surveyor I think will be sufficient. Such fortnightly

51. With reference to the preceding para & para 60 of Office note in file $\frac{290}{92}$, the following explanation is submitted:-

Primary Examination. This was held on the 7th, 8th, 9th, 10th, 11th, 12th, 14th, 15th, 16th & 17th Dec. 1896. The papers were valued in Dec. 96 & Jany: 97 & the time occupied by each examiner, etc, is as below:-

		Rs
Mr. Marsden -	Lump sum as Chairman for the year -	250
Srinivasaraghava -	60 days at Rs 2½ -	150
Khaja Khan -	8 days do -	20
Temporary Clerk -		23

D.13

The above remuneration is the same as that originally proposed. Mr. Marsden gets Rs 250/ as Chairman under rule 41-C; he drew this amount before, & does not seem to be an Educational Officer within the meaning of rule 45, as he is not paid from "provincial funds" of the Coorg Station, otherwise his remuneration should be only half of Rs 250, or Rs 125. It is presumed that Mr. Marsden took an Archive part on every day

Page 7, Sl. $\frac{24}{A}$ File $\frac{303}{91}$

day of the examination in question; if not, the remuneration is liable under rule 44 to a reduction of Rs 10/- for every day in which he was not employed. Srinivasaraghava, one of the examiners is a Sub Dy Inspector of Schools in the Co-operative & is therefore an educational officer. Though he is not paid from "provincial funds", his pay is debited to the revenues of the Assigned Tract, & he seems entitled to draw only at half rates, i.e, Rs 2½ per diem, under rules 47 & 49. It is not understood why Khaja Khan showed receive remuneration at half the rate; he does not appear to be employed in the C & S stations, though he is, it is believed, a Dy Insp: of Schools in the Guntur service, he is not for the present purposes an Educational officer - vide rule 49 -, and seems to be entitled to full rates at Rs 5/- per diem or Rs 40, instead of Rs 20/- as has been proposed. If however, Khaja Khan be considered an Educational officer & entitled to draw at half rates only, ~~it~~ ~~recommended to be recognised~~ Mr. Muralidhara should also be paid under rule 45, in which case he will be entitled to Rs 125/- as chairman instead of Rs 250/- as has been proposed.

A

B

Since Srinivasa Sastri is the Sub Dy. Insp. who examined Mr. Govt. Boys - therefore Mr. Govt. is only half paid - i.e. 250/- instead of Rs. 500/- Rs 7-7-?

The papers set were valued during Dec. 96 & Jany. 97 & the time occupied by each examiner, etc, is reported to be as follows:-

Date 14 — Mr. Narasden — Setting papers 10 days at Rs 10 a day — Rs 100/-

56. Please see Sl. 13 & office note. The fees seem high but they appear to me under the rules to be admissible & being within budget provision may be sanctioned. I think the best thing to do would ask Insp. Nawabs for explanation on points marked A & B in note. Insp. Sk & Khaja Khan seem to be in the same boat as regards the designation of 'Educational Officer' & it is not clear why Insp. Sk should draw full rate & Khaja Khan only half rate.

67. The proposed remuneration is in accordance with the existing rules. Including contingencies, the total proposed charges of both the Primary & the Lower Secondary Examinations amount to Rs 2011-8-2 or less than the receipts by Rs 2-7-10, but they exceed the budget provision of Rs 2000/- by Rs 11-8-2. This excess, if necessary, has to be appropriated from another minor head under Education, say "Building & Furniture grants", but the provision for "box for records" of Rs 30/- included in the sum required in connection with the Lower-Secondary Examination may conveniently be omitted & reappropriation thereby avoided. Manager Mercantile
My dear Sir,

Please refer to your letter
A.4 No. 85 dated 18: August 1894 reporting
on the Lower Secondary Examination
lately held in the Co-Ed Station.

I gather that the remuneration
to Flanagan & yourself as Chairman
has been calculated in accordance
with this office letter No. 2134 dated
A.30 - File 303/91 but this letter 3039/91 only
the 19: June 1894 which applies to
the Primary Examination.

I should think that rules 15 & 16
of the Madras rules for the Lower
Secondary Examination a copy of
1:24—do which was sent with your letter
No. 108 of the 9: September 1893

should govern the present case.

If so, the remuneration proposed for Flanagan & yourself as Chairmen may probably require a revision.

On hearing from you, I shall write to you letter of 18: instant.

Yours truly

My dear Ravenshaw

Yes - the calculation referred to in your letter dated August 22 - was made in accordance with your No 2134 - 303.91. I was under the impression that it referred to both exams.

According to the leaders under the 1st year includes 8 months only - October to May - & by this rule I + Hanagan get exactly the same amount Rs 100, being 1/2 of Rs 200, as I was chairman

from October to January and
Hemagan from February to
May. The exam: was held
in April.

Please issue orders ac-
cordingly. The same rule
applies to the long exams.

SIR,

In continuation of my letter Nos E 1 and E 2, dated 20th inst, I have the honour to state that I have just noticed that the total expenditure for the Lower Secondary and Primary Examinations in Bangalore amounts to Rs 2011.8.2, while the allotment in the budget is Rs 2000.

I therefore beg to suggest that the item of Rs 30 for the purchase of a box for records be reduced from Rs 30 to Rs 18. The box has not yet been purchased and a smaller article will be bought for the smaller sum available. This will reduce the total expenditure to Rs 1999.8.2, which will be within the Budget allotment of Rs 2000.

The box for records has not been purchased yet. My husband wishes the amount entered for the box to be reduced to Rs 187. This will keep the expenditure within the budget allotment.

Of this number 218 were — males and 52 females, the numbers for the previous year being 301 and 57 respectively. The falling off in the number of Candidates was due to the prevalence of Plague. A large number of Native Students left Bangalore for other places in November, December and January.

Of the total number registered for examination 255 were pupil Candidates, 2

teachers and 13 private candidates.

As to nationality there were 143 Europeans and Eurasians, 30 Native Christians, 85 Hindus 11 Muhammadans and one was a Parsee.

Only 215 candidates were actually examined, 55 who had registered their names being absent on account of the plague. Of this number 95 candidates passed for Complete Certificates [This includes 14 candidates who did not fully pass last year but completed the test this year], 28 passed in the compulsory and one or two optional subjects, only one in the compulsory only and 59 in optional subjects only.

9. The total expenditure is thus Rs 1143-3-6 which exceeds the receipts by Rs 61.3.6. The cause of this slight deficiency was the unusually small number of candidates viz, 270 to 358 the year

before on account of the plague. If it had not been for this calamity the number of Candidates would have been higher than it was last year. The budget provision for the Lower Secondary and Primary Examinations was Rs 2000 and the expenditure on the two examinations is Rs 1565 so that the expenditure is much within the provision
